

HUMAN ERROR?

CLAIMING TO MISJUDGE THIS SITUATION IS NO LONGER A VIABLE OPTION.

\$30 billion in securities settlements will be distributed to those who file claims correctly. In the STANFORD LAW REVIEW Professors James D. Cox & Randall S. Thomas said, "We find that less than thirty percent of institutional investors with provable losses perfect their claims in [securities class action] settlements." *

NO BULL

- 1 only system to calculate exact "recognized loss"
- 2 billion equity transactions compiled
- 3 terabytes of data securely stored on our servers
- 1,182 securities settlements translated to computer code
- 200,000 claims filed
- \$0 the fee until we recover your rewards

Class Action Services has perfected the claims process by storing all 1,182 securities settlements in code to accurately calculate the exact recognized loss for over 200,000 claims filed. The process ensures clients know the exact dollar amount owed back to them.

THE DIFFERENCE IS THE PROCESS

THE DIFFERENCE IS THE REWARD

James D. Cox & Randall S. Thomas, *Letting Billions Slip Through Your Fingers: Empirical Evidence of the Failure of Financial Institutions to Participate in Securities Class Action Settlements*, 30 STANFORD LAW REVIEW 441, 413 (2009).
